L'AVENIR

- PIREGRID → 31 mai 2012

- L'après PIREGRID
 - L'offre Cloud s'étoffe! Un grand nombre d'entreprises se positionnent sur les futurs services.
 - PIREGRID → modèle économique (cloud public)

- Les points « durs » d'une architecture partagée
 - La sécurité (Piotrowski, I Trust)
 - Calcul crypté natif ?
 - Support du matériel ?
 - La garantie de service (SLA)

L'AVENIR: LA GARANTIE DE SERVICE

Many users, with various profile and different needs!

VARIOUS PROFILES, DIFFERENT NEEDS, BUT SAME EXPECTATIONS!

« QoS »

Economic Elements:
Pay-as-you-go,
pay-as-you-grow,
no CAPEX.

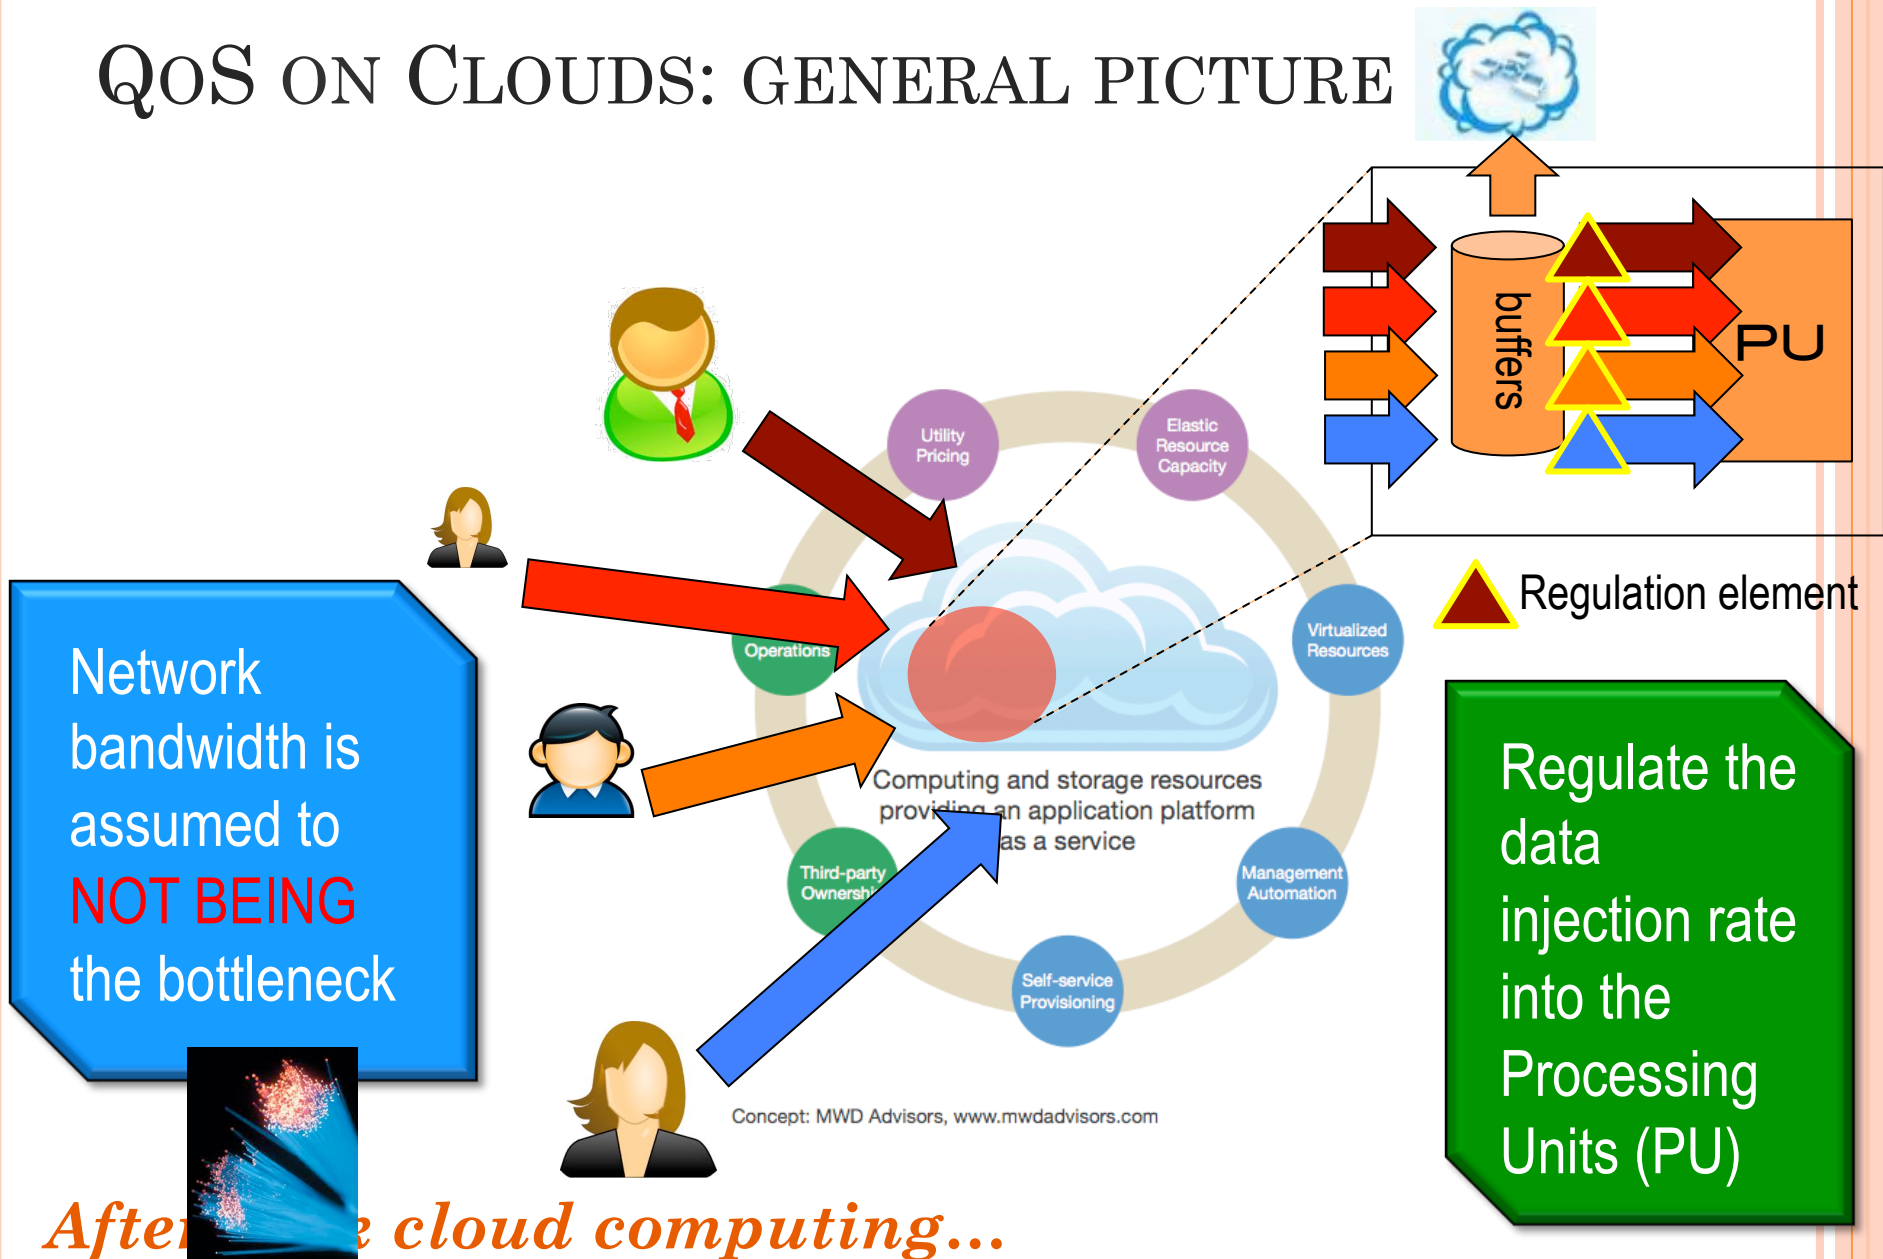

Architectural Elements:
Simple, abstract
environment for
development.

Strategic Elements:
Focus on your core business,
leave the rest to
someone else.
